

Precision Engineering and Innovative Design

Your Trusted Hair Dryer Manufacturing Partner in Shenzhen, China

Shenzhen Granlin Electronics Co.,Ltd., we operate a state-of-the-art, 2,000-square-meter manufacturing hub in Shenzhen, the heart of China's advanced electronics and hardware production. Our facility is equipped with a dedicated fleet of over 75 high-precision DMG CNC machines, enabling us to control quality at the most fundamental level. This vertical integration allows us to not only engineer and produce our own high-performance BLDC motors but also to serve as a premium manufacturing partner for other leading hair dryer brands.

Our in-house R&D and design team of 15 skilled professionals is ready to transform your vision into reality. We specialize in comprehensive ODM/OEM services, offering tailored solutions from concept to finished product, meticulously crafted to your exact specifications and brand ethos.

Committed to both performance and aesthetics, we ensure our products lead the market. Our design team conducts annual trend analysis and implements strategic housing redesigns, guaranteeing that your products are not only technologically superior but also contemporary and fashion-forward.

Choose us for a seamless blend of robust engineering, innovative design, and reliable, scalable production.

Why Choose Us?

- ☆ **10 Minutes Daily Use Designed to run smoothly for up to 16 years.**
- ☆ **Three-Phase Motor ensures smoother operation and lower noise levels.**
- ☆ **0.001mm machining accuracy Five-Axis CNC Precision Machining Made from aerospace-grade 6061 aluminum alloy fan.**
- ☆ **1 mg dynamic balance Laser Engraving for Weight Reduction, effectively suppressing blade vibration.**

Buttons

Electroplated fine-textured anti-slip pattern
Crisp and responsive rebound with every press

Body

Sturdy yet lightweight nylon glass fiber casing with nano-coating.
UV-reinforced matte finish offers anti-slip and anti-fingerprint feel.
Three-color light ring
Make temperature visible at a glance
Laser-engraved filter screen 0.2mm ultra-fine metal mesh effectively prevents dust and hair from entering Magnetic nozzle + Magnetic air intake Simply snap on and off for easy use

KH-K01

- ☆ Private mold
- ☆ 1600Watts
- ☆ 130,000 rpm brushless motor
- ☆ Magnetic suction filter
- ☆ one-key Cold & Hot Air Cycling (Long press)
- ☆ motor cleaning function
- ☆ Build-in overheat protection
- ☆ NTC protection
- ☆ 500 million negative ions
- ☆ 1.8meters cable with nozzles(optional)
- ☆ 220-240V 50-60Hz
- ☆ 59db
- ☆ Weight: 407g
- ☆ Size: 280mm long x 100mm wide

KH-K02

- ☆ Private mold
- ☆ 1600Watts
- ☆ 130,000 rpm brushless motor
- ☆ Magnetic suction filter
- ☆ one-key Cold & Hot Air Cycling (Long press)
- ☆ motor cleaning function
- ☆ Build-in overheat protection
- ☆ NTC protection
- ☆ 500 million negative ions
- ☆ 1.8meters cable with nozzles(optional)
- ☆ 220-240V 50-60Hz
- ☆ 59db
- ☆ Weight: 407g
- ☆ Size: 280mm long x 100mm wide

KH-K03

- ☆ Private mold
- ☆ 1600Watts
- ☆ 130,000 rpm brushless motor
- ☆ Magnetic suction filter
- ☆ one-key Cold & Hot Air Cycling (Long press)
- ☆ motor cleaning function
- ☆ Build-in overheat protection
- ☆ NTC protection
- ☆ 500 million negative ions
- ☆ 1.8meters cable with nozzles(optional)
- ☆ 220-240V 50-60Hz
- ☆ 59db
- ☆ Weight: 407g
- ☆ Size: 280mm long x 100mm wide

KH-04 New and Mini

- ☆ Private mold
- ☆ 1600Watts
- ☆ 130,000 rpm brushless motor
- ☆ Magnetic suction filter
- ☆ one-key Cold & Hot Air Cycl-ing (Long press)
- ☆ motor cleaning function
- ☆ Build-in overheat protection
- ☆ NTC protection
- ☆ 500 million negative ions
- ☆ 1.8meters cable with noz-zles(optional)
- ☆ 220-240V 50-60Hz
- ☆ 59db
- ☆ Weight: 407g
- ☆ Size: 250mm long x 80mm wide

KH-05

- ☆ Public mold
- ☆ 1600Watts
- ☆ 130,000 rpm brushless motor
- ☆ Magnetic suction filter
- ☆ one-key Cold & Hot Air Cycling (Long press)
- ☆ motor cleaning function
- ☆ Build-in overheat protection
- ☆ NTC protection
- ☆ 500 million negative ions
- ☆ 1.8meters cable with nozzles(optional)
- ☆ 220-240V 50-60Hz
- ☆ 59db
- ☆ Weight: 407g
- ☆ Size: 280mm long x 100mm wide

KH-06 (LED display)

- ☆ Private mold
- ☆ LED mirror display
- ☆ 1600Watts
- ☆ 130,000 rpm brushless motor
- ☆ Magnetic suction filter
- ☆ one-key Cold & Hot Air Cycling (Long press)
- ☆ motor cleaning function
- ☆ Build-in overheat protection
- ☆ NTC protection
- ☆ 500 million negative ions
- ☆ 1.8meters cable with nozzles(optional)
- ☆ 220-240V 50-60Hz
- ☆ 59db
- ☆ Weight: 407g
- ☆ Size: 280mm long x 100mm wide
